A Unique New
Foot Drop Aid

The Orthopedic Aid for Keeping up with Life!

Get active with **The Dictus Band**, an orthopedic aid for easier walking.

The Dictus Band helps raise the foot after toe-off, which largely eliminates everyday obstacles, such as doorsteps, carpets, pavements, etc...

- Discrete and comfortable
- Mount on any lace-up shoe
- Flexible - uses recoil & stretch action with the latex elastic band and hook
- Helps raise the foot after toe-off and reduces the risk of tripping
- Cleans easily with just a damp cloth
- Available in adult & child sizes
