USER MANUAL

Bed and Chair Raiser Set of 4

SLHA4507

INTRODUCTION

The Bed & Chair Risers increase the height of your chair or bed, making it easier for users to get on and off beds and chairs.

SPECIFICATION

Size (1pc)	Weight (4pcs)	Material	Max. Load Weight
140x140x150mm	677g	PP	200kg

INSTRUCTIONS FOR USE

1. Place a riser beside each leg.
2. Gently lift up the chair to slide in the riser.
3. Make sure all the risers are at the same height.

ATTENTION

- The maximum weight capacity of the four risers is 200kg.
- Use on flat surfaces only.
- Not suitable for recliners.
- Avoid uneven weight distribution on the chair.
- Make sure all the legs are properly fitted in the riser before use.
- Periodically inspect for wear and damage.

MAINTENANCE

Wipe clean with a damp cloth.
